

beyond™

BY KENNAMETAL

Where you turn is as important as what you turn.

PERFORMANCE

Beyond delivers superior productivity and profitability — up to 30% more than any competitive offering.

VERSATILITY

Exceptional at any speed or in any application, Beyond turns on adaptability.

RELIABILITY

With Beyond, experience new levels of predictable and dependable tool life.

Kennametal, the trusted innovator in metalcutting technology, introduces a new era in tooling. Harnessing advanced science and exceptional experience, we've gone to greater heights to create Beyond, our next generation, ultra-performance tooling platform. Engineered to exceed expectations and surpass excellence every time, Beyond is more than a cut above, and then some.

For increased productivity, efficiency, dependability, and profitability, turn to Kennametal at www.kennametal.com or call 800.446.7738.
